

FINDING HIDDEN MONEY

*Discovering the Cash Reserves
within Your Own Company*

If you were to receive a letter in the mail stating that you had money hidden away in your company that you knew nothing about—a lot of money—what would you do? That may seem far-fetched, but the fact is, every company, regardless of its size or industry, contains *hidden money*: financial resources that are either sitting dormant and not being used, or else are being siphoned off through poor business practices. Every company has such money, but few are aware of it, and even fewer know how easy it would be to free those resources up.

BURIED IN YOUR SUPPLY CHAIN—Your purchasing agents, as well as others in your company, are spending long hours searching through vendors' web sites and catalogs for the right products, the right prices and the right service. What if they could go on line to one place to find everything they needed—office and cleaning supplies, promotional and break room items, whatever—from any vendor they liked? Then, what if they could get those top name brand products at the biggest savings possible—up to 50% less than what you're paying now? *And*, what if the system your purchasing agents used to procure those items was intuitive, flexible and comprehensive?

SIMPLE SOLUTIONS THAT PAY FOR THEMSELVES—Even if you don't think you have the resources to look for your hidden money, there's someone who can help you do it in a way that doesn't disrupt your present system, doesn't require IT, and easily pays for itself. CoreXpand™ is an

e-commerce solutions partner that has been helping companies for over 13 years—companies like Coca-Cola and Cox Broadcasting—find their hidden money. We do it by providing *simple solutions that pay for themselves*—solutions that don't drain the resources we're supposed to be helping you find. Through an online tool called Your Supply Center™, we've saved our clients hundreds of thousands of dollars that were being lost through inefficiencies and poor practices, and we can do the same for you.
